

Intensive FileMaker Training

Introduction to the FileMaker Platform (Beginner level)

22 – 23 November 2018,

Federation Room, Adina, 88 Flinders Street, Melbourne, Vic 3000

Building on the content of classes offered internationally and led by acclaimed FileMaker author and developer Ray Cologon, NightWing Enterprises is pleased to offer a two day course suitable for beginners who have no prior experience with FileMaker.

The cost of this 2-day course is AUD \$1,150 (plus GST if applicable)

The course fee includes light lunch and refreshments on each day and all course materials. Attendees should bring a laptop computer.

This class is designed for people who:

- have no prior knowledge (or minimal knowledge) of the FileMaker platform
- have a range of basic computing skills with Mac or Windows
- would like to become a proficient database user with a range of useful skills
- wish to become familiar with FileMaker and start using and making basic FileMaker apps

The class will cover topics in:

- perspectives on databases and FileMaker
- hands-on and essential familiarity with FileMaker pro
- the FileMaker platform as a toolset and an environment
- cutting your teeth as a FileMaker developer
- basic automation: using FileMaker to manage processes
- securing a FileMaker app for use in the real world

At the end of the class you will be able to:

- create, configure and edit your own basic FileMaker apps
- search, sort, summarise and generate reports using data in FileMaker
- design simple systems and work with FileMaker scripts and calculations
- build FileMaker apps to solve everyday problems and share them with colleagues
